

Reading and No Outsiders at WP

At Westbury Park, we use **No Outsiders** to complement our whole school ethos of inclusivity by preparing our children for lives as global citizens through literature. At Westbury Park, we take the 6 texts offered through No Outsiders with their lesson plans and we create class assemblies. These are opportunities for teachers to come together with their classes to explore a rich picture book and discuss the morals and values that are encompassed within it. Political and cultural themes may be explored as well as encouraging children to value their own emotional literacy. Teachers have the freedom to run with their classes interests and ideas under the umbrella of inclusivity and diversity whilst always instilling the intrinsic message that **everyone is always welcome at Westbury Park School.**
